

SRI LANKA MEDICAL COUNCIL

EFFECTIVE DATES OF REGISTRATION

Sri Lanka Medical Council announces the rules determining the effective dates for Registration of Medical Practitioners (Section 29) and Dental Surgeons (Section 43).

1. The Registration date should be the date of submission of the Application for Registration.
2. To secure an effective registration date of one-day after completion of the internship, an applicant must apply within five working days after the internship's completion date.
3. Any application received five working days after completing the internship will be registered as of the date of receipt of the application.
4. Registrations will be done only following receipt of a duly completed application form acceptable to SLMC.
5. No covering or pending registrations are granted.
6. It is illegal to practice Medicine and Surgery in Sri Lanka without SLMC registration.
