For each type of question paper, a separate answer sheet will be provided.

2. Enter your **Registration Number** and **Index Number** separately in the two answer sheets provided. You will be given two separate answer sheets, one for the True /False type question paper and one for the Single Best Answer (SBA) type question paper. Error in entering these numbers will results in the computer rejection of your answer sheet.
3. On the top right-hand corner of the answer sheet, there is a box to enter your INDEX NUMBER.
4. Enter your three digits index number, vertically down starting from the topmost row.

*Your index number has only three digits. You should enter the three digits in the following manner: for index number 5, enter it vertically in the first column as 005; if it is 16, enter it as 016; if it is 619, enter it as 619. (Shown below)*

**The last row remains unmarked/blank.**

5. Then darken the appropriate cage as in the following example: if Index no is 619

Registration No: .....										
▽	0	1	2	3	4	5	6	7	8	9
6	o	o	o	o	o	o	●	o	o	o
1	o	●	o	o	o	o	o	o	o	o
9	o	o	o	o	o	o	o	o	o	●
	o	o	o	o	o	o	o	o	o	o

6. Check that your blank answer sheets are initialed by the invigilator on the reverse side. Only the responses marked on such answer sheet would be valid.

7. **Marks allocation in each question papers** – Each True/false type question will have five responses. The correct response will score +1, and the wrong -1. Negative marks of a question will not be carried over to the next question. The range of marks would be from 0 to 5 for each question.

Each Single best type question has five responses and only one is correct. The correct response will score +5, and the wrong 0. The marks scored for each question would be 0 or 5 for each question. There will be NO negative marks for SBA type questions.

8. **Marking the answer sheet for True/False type question paper**

The answer sheet is numbered from 1 to 60. Mark your responses in the answer sheet in accordance with the number in the question paper. Papers 1 to 4 of Part A have 25 questions each and your answers should be marked from 1 - 25. Paper 5 of Part A and Paper 6 and 7 of Part D have 30 questions each and your answers should be marked from 1 -30. The paper will be marked by computer scanning and you have to mark it very carefully. If you spoil your answer paper, another paper would NOT be given. A specimen of an answer paper, reduced in size, is enclosed. **(Annex A)**

The space provided for each question on the answer sheet has two horizontal rows of boxes marked as follows: the top row is marked T for true and the bottom row, F for false. You should indicate in the answer sheet whether the given response is true or false. This should be done by completely shading the circle in the appropriate box with a black ballpoint pen.

The following question is an example.

Massive splenomegaly is a recognized feature in:

- A Typhoid
- B Chronic Malaria
- C Infective endocarditis
- D Chronic Myeloid Leukaemia
- E Myelofibrosis

Items B, D and E are correct. A and C are false.

The completed answer sheet, if answered correctly, would look like this:

	A	B	C	D	E
T	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input checked="" type="radio"/>
F	<input checked="" type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	<input type="radio"/>

PLEASE NOTE THAT YOU CANNOT ERASE OR CANCEL YOUR ANSWERS AFTER YOU HAVE MARKED THEM. You are advised to **use a black ball point pen** and darken the circle clearly. **Do not use a correction pen (Tippex)** or an eraser to change your answer. If you spoil the paper by trying to erase, your answer would not be read by the scanner and you would not get any marks.

The question paper and the answer sheet should be handed over to the respective invigilator when you have finished answering or when an announcement is made to stop work. Please note that no extra time will be given.

9. Marking the answer sheet for **Single Best Answer (SBA) type question paper**

**Part A (SBA)**

**Paper 1- Medicine**

**Paper 2 - Paediatrics**

**Paper 3 - Surgery**

**Paper 4 -Obstetrics and Gynaecology**

- Fill in the circle with a **black ball point pen** for the correct response leave the incorrect without mark.
- Do not deface, tippex or write any remarks on the Answer Sheet.
- Only one set of Answer Sheet is provided per candidate.

A specimen of an answer paper, reduced in size, is enclosed. (**Annex B**)

**Example of how to mark the answer sheet**

E.g. A 63-years-old male was admitted with epigastric discomfort and sweating of 6 hours duration. He had also vomited undigested food once. He has poorly controlled diabetes for 20 years. His pulse rate 100 bpm with a blood pressure of 90/60 mmHg. Physical examination was normal except for sensory motor peripheral neuropathy. Capillary blood glucose was 234 mg/dl.

The most appropriate investigation at this stage is

- A** Urine ketone bodies

- C** ECG
- D** ultrasound scan of abdomen
- E** autonomic function tests

**A    B    C    D    E**  
           

10. You are not allowed to take away the Question Book or any question in whole or in part, from the examination hall.
